EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl H. Pierce on November 18, 2005.

The application has been amended as follows:

In the first line of page 2, the phrase --Bedside cribs that attach to the parents' bed were known at the turn of the century (U.S. Pat. Nos. 5,548,005; 620,069; 1,138,451; 1,283,169; 1,267,244) but fell out of favor-- has been inserted before the phrase "for many years".

2. The following is an examiner's statement of reasons for allowance: The specification has been amended merely to correct a typographical error; since this change is not considered to affect patentability of the claims, the examiner respectfully maintains that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
